Laughter and sighs of relief can be heard throughout metro-Detroit, as parents celebrate the graduation of their children from kindergarten to college.

Some students graduated suma and magna cum laude while others graduated "thank you lord(e)".

With each milestone achieved in life, children are rewarded with new experiences and opportunities for advancement.

The Detroit Native Sun wishes young ones success and encourage you to continue learning and to prosper in life.

"Education is the most powerful weapon we can use to change the world." — Nelson Mandela
